VOLUME IV. NUMBER 22 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA. THE COUNTY SEAT PAPER APRIL 14, 1930

ENGLEBRIGHT SECURES ADDITIONAL APPROPRIATIONS BEHALF OF MINING

That the Second Congressional District may well be proud of the work being done in Washington by Harry Englebright in behalf of the mining industry as well as the other varied industries of the district, it is timely to call attention to some of the many things that Harry has been doing in our behalf.

For Mineral Investigations, $165,000 has been appropriated, which represents an increase of $20,780 over the amount obtained last year for thi simportant work. This money is to be expended by the United States Bureau of Mines for investigations and studies concerning the mining, preparation, treatment and utilization of ores and minerals; and the adaptability of various mining methods to different types of ore bodies. Also for a detailed study of present mining methods and costs of mining operations. Due to the increased cost of gold mining operations, the study of the question of mining methods and costs is at present of outstanding importance to the gold mining industry of California. From the study and investigations that are to be made of the California gold mines, and the resulting data that will be made available to the operators, it is believed that much good can be accomplished along the lines of reducing the present cost of operations.

For investigations and supplying information concerning the Economic Problems of the Mineral Industries, $207,600, which is an increase of $22,600 over the amount obtained last year. This appropriation will be used by the United States Bureau of Mines, in the collection of statistics of mineral resources, for publishing reports, and for further investigations of the question of how to lessen and prevent mine accidents and fatalities.

For Geologic Surveys, $400,000, which is $50,000 more than was obtained for last year's work. The increase will make possible additional Geological Survey Work in California. Many of our older gold mining localities are requesting that new geologic studies and surveys be made, utilizing all facts revealed by the mining developments carried out since the first geologic surveys were made. Likewise, our new and undeveloped districts are in need of initial geologic studies. One of the ever-present problems of the California gold mine operator is the research for new ore bodies, to take the place of those that are at or "The Nature of Ore and Vein knowledge of the geology of the locality is one of the vital factors. Solutions of problems are rarely to be found in one group of claims. The entire district must be the unit of study. This is a type of work that cannot be done for the individual mine itself, and is properly a task for the government.

He also obtained $100,000 for Fundamental Research in Geologic Science. The Geologic Survey will use this fund to expand its activities in its research into such problems as "Ore Forming Processes", Among the projects which would Forming Solutions", "The Relation of Ore Deposits to Intrusive Rock," etc. This work is of importance to the mining regions of California, as much is still to be solved regarding the origin, occurrence and formation of our veins and ore shoots, of the various districts.

Mr. Englebright's bill, H. R. 2827, to exempt from taxation incomes derived from the mining of gold, is before the Ways and Means Committee of the House, and has much influential support. Since the outbreak of the World War prices of all commodities have increased greatly, except that of gold, which as the standard of value is fixed at $20.67 per ounce. The great increase in the cost of gold mining has curtailed operations and compelled many mines to close. The passage of this bill would be of great assistance to the gold miner, not alone as a direct relief, but also as a measure of stimulation to the industry. Every possible assistance in the way of legislation, both federal and state, must be given to the gold mining industry.

Had the Colton-Oddie bill with regard to building of forest service highways been permitted to have gone through, the building of a number of Sierra, Nevada and Placer counties' roads would have been delayed for as much as 38 years. Due to the opposition which Mr. Englebright led against the bill, he succeeded in securing an amendment which will prevent any delay in our road building program, and in a sense, to cause the present road program to advance more rapidly than was originally contemplated.

Among the road projects which have been imperilled were the Downieville to Sierra City, Mohawk Junction to Yuba Pass via Gold Lake, Quincy to Beckwith, Sierraville to Hobart Mills, Nevada City to Downievilie and Truckee to Myers.

Large appropriations have been secured for Lassen Volcanic National Park, and Yosemite National Park. An increase of $1,855,000 for the construction and maintenance of roads, trails, bridges, fire lanes and other necessary improvements in the national forests.

Following an investigation by Mr. Englebright with regard to the rebates California was receiving from the Federal Power Commission Tax, the Comptroller General has ruled that the distribution of the fees had not been correct and that California instead of receiving but $5000 or $6000 annually will be receiving around $30,000, with also $75,000 back money. Many pension and compensation cases for the vererans of this district have been handled and provided for.

Mr. Englebright's excellent work in behalf of his entire district, one of the largest in California in point of territory and in diversity of natural resources, will not go unrewarded.

MONUMENTAL WORKS STARTING UP AGAIN

The Nevada City Monumental Works which has been shut down for over a year on account of illness of the proprietor. L. Netz, is starting up Monday.

Mr. Netz just got back from the east where he has been for over three months taking treatments for arthritis. He has two first class stone cutters, a polisher and a laborer engaged to help him get a large amount of orders out by Decoration Day.

FORESTERS ENJOY CALL FROM GRAND OFFICERS

F. C. Lassen of Livermore, Grand Chief Ranger, of the Foresters paid an official visit to the Nevada City Courts Saturday night. A large class was initiated into the order at the Odd Fellows Hall, when adjournment was taken to the Foresters hall where a chicken banquet was served by Court Garfield and Corte Christofore Colombo. There was a large gathering of the members for the occasion.

A GOOD BOOST

Editor George E. Secour of the Plumas National-Bulletin of Quincy, gave our Jerry Seawell a fine boost on his front page a few days ago when he ran his picture and complimented him on the fine work he had done in his first term at Sacramento. Editor Secour knows a good man when he sees him.

LIONS TO CHICAGO PARK

The Grass Valley Lions Club special committee on the Colfax road will meet tonight with the Chicago Park residents at their school house to outline the proposed financing plan. Supervisor Henry Goudge, and deputy county clerk R. N. McCormack will also be in attendance. The members of the Lions' committee are Jos. F. O'Connor, Robert Ingram, Ray Pengelly, Ray Whitburn, E. K. Smart and Howard Goosen.

Huge assortment of Easter baskets at Colley's Confectionery.

Ignition Parts and Accessories at Miner's Foundry. 24tf

QUEEN LIL STAMPS TO BE DROPPING SHORTLY

Tuning up of the new ten stamp mill on the Queen Lil property west of town is going on and the mill has been coming into working condition in fine shape and stamps will shortly be dropping on a good tonnage of ore already blocked out in the prperty.

The mill was formerly on the Sierra Queen property and has been transported to the new location. The new plant is one of the finest installations made in a number of years. The shaft is alongside the mill and there is no lost motion in getting the ore into the bins ready for crushing as it is hoisted. The plant is electrically equipped.

It will sound fine hearing stamps dropping once again on the old Champion ground which never should have beenclosed down.

PIONEER STOCKHOLDER MEETING SAN FRANCISCO

A recent meeting of tne stockholders of the Pioneer Mines operating on the C. C. Mitchell ranch, was held at the Elks Club in San Francisco with 20 present. Various matters of interest to the company were gone over and it is expected that new eqoipment will shortly be installed so as to resume operations The company has reached its limit with the present equipment and with new equipment it will be possible to sink a standard shaft and keep the water out readily. A great deal of fine milling ore has already been blocked out the prospects are for large profitable production.

Superintendent H. H. Marsh was in attendance at the meeting.

HORACE CURNOW HEADS ELKS FOR COMING YEAR

In a colorful installation ceremony, Horace A Curnow, debonair banker, was on Friday night duly inducted into office as Exalted Ruler of Nevada City Elks Lodge The ceremonies were in charge of J W O'Neill, P. E. R.

The other officers were as follows:

John J. Fortier	Leading Knight
V. V. Foley	Loyal Knight
P. V. Carr	Lecturing Knight
A. M. Holmes	Secretary
G. J. Rector	Treasurer
R. R. Goyne	Chaplain
A. Hartung	Trustee
W. E. Wright	Esquire
Curtis Clark	Innner Guard
J. B. Young	Tiler

The following committees were named for the year:

House Committee— P. G. Scadden, E. J. N. Ott, Lee Leiter, James Colley,, W. B. Celio, A. W. Hoge, V. V. Foley.

Bowling Committee— W. V. Tamblyn, A. A. Willoughby, Richard Nickless, R. Wright, George Walling, C. W. Leiter, D. Richards, Si Jackson ,F. Hogan.

Auditing Committee— R. N. McCormack, J. J. Fortier, Fred Cassidy.

Quincy Committee— Messrs. Barrett, Young, O'Rourke, Moncur, Reynolds.

Sick or Relief Committee— J. W. O'Neill, J. R. Ivey, Dick Rodda.

Community and Welfare Committee—R. J. Bennets, Dick Bigelow, A. Hartung, G. R. Carter, J. C. Scheemer, A. M. Hoge, Gordon Bettles, Otto Schiffner.

Social Committee— E. W. Schreiber, T. T. Tobiassen, Karl Kopp, Fred Breese, F. Hogan, Jas. Penrose, E. J. Kilroy, D. Richards.

A presentation of a beautiful gold watch was made R. R. Goyne, the retiring Exalted Ruler, most appropriate remarks being made by G. J. Rector on behalf of the lodge. A distinguished visitor present was C. Fenton Nichols, past Exalted Ruler of San Francisco Lodge.

A fine fried chicken dinner was served prior to the ceremonies under the direction of Meyers Mobley as head chef.

FINE CONCERT GIVEN

A splendid concert was given at the Methodist church last week sponsored by Mrs. Gove Celio and Miss Minnie Brand and was largely attended.

GOLD RESERVE TO BE UNDEPLETED BY NEW LAW

The news was released in Sacramento Friday at the Sacramento Mining Chapter luncheon that Congressman H. L. Englebright has in preparation a bill to be presented in Congress to prohibit the national treasury from issuing gold to industries, thus compelling the purchase of gold in the open market.

The statement was made by Walter Bradley, state mineralogist, that while only $42,000,000 of gold is now being produced annually in this country, the industries are consuming $100,000,000 worth, withdrawing an immense sum annually from the federal gold reserve. The bill by Mr. Englebright would prevent this withdrawal, compelling the industries to purchase mined gold, which would give a decided impetus to gold mining.

Mr. Englebright feels that while gold has a fixed value of $20.67 per ounce, that his legislation would cause gold used for industrial purposes to command as much as $25 or $30 per ounce in the open market, which would tend to revive gold mining on an immense scale. To prevent the melting of gold coins for industrial uses the law would be amended to prohibit the melting of coins for such uses.

Bradley stated that the bill which is now being drawn up would compel the manufacturing jewelers, now the largest consumers of gold, to turn to the miner for their supply and means a bright future for the gold mining industry.

Special guests at the luncheon included the new State Mining Board, of which Arthur B. Foote of Grass Valley is a member, Fred G. Stevenot, director of the department of natural resources, and Secretary of State Frank C. Jordan

NEW TRACK IS BEING LAID SIBERIA MINE

Cleaning out and laying of new track in the tunnels at the Siberia mine at Badger Hill is now in progress with a crew of eleven men at the present time. Installation of a small pilot mill to handle test runs of ore is contemplated for an early date.

A new truck for getting supplies to the mine came in on the narrow gauge the other day and has been put into service.

The mine is being developed along thoroughly conservative lines, the intention being to block sufficient ore to warrant the installation of large milling equipment. The pilot installation will prove efficacious in testing out the ore and giving a definite basis of value.

E. B. Frost is superintendent.

NO PLANE LANDING

Owing to fear of the Gilmore airport west of Grass Valley, the legislative committee of the State Senate did not land in their big ship Thursday morning. When the new airport on Cement Hill is put into commission any ship will be able to land in this vicinity.

BYRNE TO SOUTH CAROLINA

John B. Byrne has been appointed assistant supervisor of Pisgah National Forest with headquarters at Ashville, South Carolina.

He is a native of Nevada City and since his graduation from the state university has been engaged in forestry work for the government.

EARY COVEY WEDS

Earl L. Covey, popular manager of the J. C. Penney store, was united in marriage Saturday evening to Miss Dorothea Burkland at the Covey home by the Rev. E. O. Chapel. The wedding took place on the eve of the groom's departure for the city to attend a Penney convention.

Mr. Covey has made many friends since coming to the county to open the Penney store.

The Gilmore airport has bee scraped the past week by the Forest Service crews and put in good condition.

MINING LOCATIONS ARE FILED COUNTY RECORD

The following mining locations have been filed for public record:

Yellow Monster Nos. 1, 2, 3 and 4 quartz by R. M. Ewing, W. P. Brady and Eugene Williams in Little York Mining District.

SUIT TO OBTAIN TITLE MINING STOCK BEGUN

M. C. C. Von Loben Sels as president of the American Foundation Company, operating the Murchie mine, has commenced suit against J. M. Hoff and V. M. Price, promoters, to obtain title to 70,815 shares of stock in the company. Hoff and Price obtained a loan on the stock which was put as collateral, from Von Loben Sels, as he states in his pleadings, with the understanding that the stock could be cancelled at any time in his favor as payment for the loan.

Hoff and Price have been promoting building and loan associations of late. They operated the Murchie at the outset, which was later taken over by Mr. Von Loben Sels and he has since operated the property, employing around 90 men at the present time.

DONATION DAY PROVES A GOOD MONEY GETTER

While the sideline attendance for Donation Day was not as large as that of some previous years, the collections of cash measured up well, amounting to between $300 and $400 for the day, together with a nice pile of wood brought by the school children. The money was turned over to the Benevolent Society for distribution.

The band hastily collected by "Souza" Curnow discoursed a number of lively tunes and the parade got under way. The ever present Elks jaunting car was in heavy demand but most of its customers preferred to pay without the ride thrown in.

The school classes all vied in their donations and a goodly sum was realized from this source.

Vincent V. Foley acted as grand marshal of the parade.

IRRIGATION DISTRICT HAS A WARM SESSION

The farmers along the Tarr ditch will have to pay the same water rates as other users in the irrigation district instead of the preferential rate made when the ditch was in private ownership, according to a decision arrived at by the board of directors on Friday. There appears to be some prospect of litigation over the proposition.

The district has ordered condemnation proceedings brought against O. D. Woodman, owner of 20 acres of land in the proposed Scotts Flat reservoir. This will make it possible for C. P. Jones to proceed with his plans to hydraulic above the diversion dam.

Additional areas in the Spenceville, Chicago Park and Bear River sections will be served with water through the land owners providing the ditches themselves and taking their pay in water.

GRAND MATRON, GRAND PATRON ARE VISITORS

Mrs. Myra Moyse, Worthy Grand Matron, and Mr. Walter S. Bradley, Worthy Grand Patron, paid their official visit to this Eastern Star District on Tuesday evening and were greeted with a gathering which crowded Masonic Temple to its doors The ceremonies were preceded by a banquet at the National Hotel provided by Mr. and Mrs. Fred C. Worth which was highly complimented.

At the meeting the officers of Evangeline, Aurora and Bethany Chapters exemplified the ritualistic work of the order in approved fashion. A gold nugget pin was presented Mrs. Moyse during the evening.

Mrs. George S. Hitchens presided as Matron of Evangeline Chapter.

STREET LIGHTING NEW SYSTEM IS TO BE PUT HERE

"The first best lighted city in the mountains" may well be Nevada City's slogan in a few weeks as the city trustees at a special meeting on Thursday night contracted with the Pacific Gas to install 21 modern bracket lights in the business district, reaching from the Downieville highway junction on upper broad to the plaza, on Pine street from the Deer creek bridge to Commercial and on Commercial to Union Alley.

The added expense which will be less than $50 more than the city is now paying for its antiquated system, will be more than half taken care of by loyal business men who have pledged $25 per month toward the cost through the Chamber of Commerce for the first year of operation. Nevada City will be proud of the new lighting system which will be the first modern one in use in any of the muntain towns, north or south.

The Lost Hill section which has not had good water pressure from the city mains will find the condition greatly relieved with the laying of a new main on Drummond street

The reluctance of some of the outside wholesalers who like to truck in their own goods to the detriment of the railroad came in for a hearing and one oil distributor who has belyaked about paying the monthly tax rate is reported to have been slipping in nights to make the rounds and has even been figuring on having one of the local service stations furnish a driver while within the city limits to beat the tax.

NEW MEMBERS FOR THE MINING ASSOCIATION

DOWNIEVILLE, April 12, (Special to The Nugget)—A. E. Hodgkinson, owner of the City of Six Group, near Downieville, A. J. Modglin, of the Southern Hydraulic Mine, at Port Wine and R. M. Scott, local merchant and owner of gravel properties near Poker Flat, joined the Mining Association of California last Week.

The steady stream of new members, together with repeated inquiries regarding the new compensation insurance company, indicate that the new Association will be strongly supported in Sierra county.

SIERRA SUPERVISORS ACT NEW ROAD MAY 5

DOWNIEVILLE, April 12—The Sierra County Supervisors will meet in special session on May 5th to decide whether or not Sierra county will join Yuba and Butte in the proposed road district to be formed with the three counties. Last Monday night the board and representative citizens of Sierra, Sacramento Placer and Yuba counties met at dinner with members of the Yuba county board. The question of the district was discussed at length, but the local supervisors declined to act at that meeting. The question of forming a lighting district in Downieville will be taken up at the May meeting.

DANCE IS POSTPONED

The annual dance sponsored by the Chamber of Commerce has been postponed to Saturday night, May 31st, owing to conflicts in dates. A fine affair is promised by the committee of arrangements.

ANNIVERSARY CELEBRATION

The Woman's Civic Improvement Club will celebrate its second birthday at its meeting at the Brand Studio tonight. Officers for the ensuing year are to be elected tonight.

An interesting program is also to be presented.

YUBA PASS CONTRACT LET

The federal bureau of public roads has let a contract to construct a second section of the Yuba Pass Highway between Downieville and Sierra City, which complete the road to about four miles from Downieville.

THE NEVADA CITY NUGGET

ATHLETIC ACTIVITIES

Coach Pedersen of the high school has announced that base-ball and track will be taken in earnest after the Easter vacation. A series of baseball games and also a trck-meet have been arranged with Grass Valley.

COZY CORNER CHAT

WITH THE CITY election on today, it behooves every citizen to get out and cast his or her vote in the interest of oogd government. For some peculiar reason there has been no opposition this year whereas two years ago there was a whole flock of aspirants. There has been some talk of a write-in campaign being sprung today. There is nothing particularly attractive about being a city trustee and we are fortunate that there are enough civic minded citizens who are willing to carry forward the work of the municipality without monetary reward, without thanks and very often the target of criticism of one kind and another.

NOW THAT THE state chamber people have come and gone on their errand of trying to get Sierra county into the nebulous business of a road district so that Oroville can get a slice of the tourist business coming through Yuba Pass, it is well to remember that the state organization as at present constituted isn't worth a hill of beans to the mountain counties. It was that influence which caused the Sacramento Chamber of Commerce to welch at a critical moment on its program of helping to oragnize the mining industry. Marysville not content with the Bullard's Bar road from Camptonville which is considerably shorter than the proposed route, is trying to inveigle Sierra county into something she will be sorry for but which she can't get out of if she once foolishly gets in. If she wants to build a new mountain road to reach some of the mining properties in the west end of the county she had better go ahead on her own hook and not be helping to build roads in other counties which won't add anything to her resources or help her any with her problems. The only logical argument advanced in favor of the new route is that it will make the west end of the county more available to Downieville .And when the county seat paper there calls a six per cent grade, a water grade road, it had better take another peek. We have no scrap with the excellent people of our neighboring county, we only hope they won't go plunging into a mass of debt before the government and the state highway commission are able to complete their program of a system of modern highways extending through their county even to Hobart Mills.

POSTER CONTEST

Two posters by Madeline Himes and Cecelia Genasci were sent to the chairman of the Northern District Department of International Relations, California Federation Women's Clubs at Sycamore, California, to be entered in the poster contest for the renouncing of war.

A first prize of ten dollars and a second prize of five dollars will be awarded to the two best posters sent in by the high school students in the northern district.

SOPHOMORE PLAY

The Sophomores gave a very interesting play Friday morning. The name of the play was "Hey Teacher!" and thanks to the diligent tutelage of Miss Whelan, the Sophomore Class advisor, it went off without a mistake. The play itself was a hilarious example of what a school should not be.

The play consisted of two acts, the first of which opened with a board meeting, and what a board. The members were Eleanor Schreiber, Bill Tamblyn, Jim Davis, and Jean Gleason, and each was a perfect example of the wrong kind of a member for a school board.

The greatest fun did not start until the entry of the teacher, however. They were Barbara McMinn, Aeola Smith, and Carl Baker. Carl was finally chosen, apparently because he used non-understandable words, and the first act closed with the adjournment of the board, and the understanding that the new "professor" would take up his duties on the next day.

The second act was a day in school. The pupils, and they were a wierd looking group, were Nadine Neagle, Margery Odgers, Margaret White, Marie Odgers, Melba Huson, Gladys Clark, Donald Macari, Hudson Grey, Betty Bettles, Jim Davis, and Bill Tamblyn. The ignorance of the teahcer, coupled with the mischeivousness of the pupils made the second act even more amusing than the first and the curtain fell to the accompaniment of pleased handclaps from the audience.

DONATION DAY

On Friday, April 11, the annual Donation Day was held. A great amount of enjoyment was derived from the race between the various classes, to see which one could collect the most money. The Seniors won with a total of $18.72, the Freshmen cam enext with a total of $15.99, the Juniors next with a total of $13.75 and last the Sophomores with a total of $12.75. The amount collecetd was $61.21. Mr. Hoskins donated a dollar which went to the Seniors as a prize to add to their donation. This brought the total sum up to $62.21.

When the donations had all been collected the students marched to town to take part in the parade. Each student carried a stick of wood which he deposited at the end of the march in front of Fischer's Radio Shop.

Elmer Fischer passed thru enroute to Downieville.

PREVENTION OF FIRES

By Myril Greathouse

Fires to-day are probably man's most gruesome and dangerous enemies, gruesome because they show no quarter and dangerous because many lives are lost and thousands are made homeless each year by fire.

In cities of the United States fires are combated by modern scientific methods but in the extensive forests or our forest reserves, fires must be combated by many means. Some of these devastating fires that cause grief and loss of many lives are caused by the carelessness of perhaps one person who thoughtlessly throws from his car a lihted mgatch, cigar, or cigarette or by some person who goes his way leaving a small camp fire burning which in less than an hour may grow into a forest fire, that destroys millions of dollar's worth of timber.

I think that the efforts of the automobile tourists and campers must stop the fires. To do this the thoughtful persons should make it a point to be an example for the careless ones.

I have traveled through many tracts of timber lands and there are three things I always bear in mind. First, I never throw a burning cigarette from a car; second, I always see that my camp fire is drenched with water before I leave camp; and third, I always have the required tools on my car to combat small fires before they become destructive to large areas. I think if every person did this there would be less fires to fight each summer. Of course, there are many peple who set fires so they may fight them and receive money for their services. These people are known as "fire bugs", and cost the state and government many dollars every year to make a pretty sum for themselves. I can safely say that if I ever caught one of these persons setting a fire, I would report him to the nearest authority and be rightfully justified for my action.

TALKS ON RADIO

Wednesday, April 9, Mr. Charles Cory, a local radio merchan of Nevada City, visited our General Science classes. He talked on the "Theory of Radio Broadcasting and Reception". He explained the different parts of the radio very clearly. He brought a radio receiving set with him and also some tubes. The tubes were passed around the class. His talk was very interesting and was enjoyed by all.

Thursday, April 10, Mr. Wm. Thompson, who is operator on steamships which ply Pacific and Atlantic coasts and around the world talked to the General Science classes on "Radio Application on Sea Going Vessels". He told of his different experiences at sea and how they receive and send messages by radio. He said that the radio was of great use when the ship was caught in fog. He also told some funny things that happened on board and this made his talk ver interesting.

GENERAL SCIENCE

The General Science classes at the high school are taking a great deal of interest in their work.

Thursday, April 3, the third period class went to the sub-station and to the gas works. The next day the fourth period class took the same trip. The pupils are interested in this work, because it is along the line they have been studying.

The classes have also been favored with speakers. Tuesday, April 8, Mr. Charles Cory, a local radio dealer, spoke to them on, "Radio Transmission and Reception". On Thursday, Mr. William Thompson, a radio operator on a ship, spoke to the classes on, "Application of Radio on Seagoing Vessels".

W H. Meuren of Auburn, Pacific Gas & Electir lighing expert was in Nevada City and presnted to the Board of Trustees an improved lighting plan for the business section.

CHAMPION TYPIST VISITS

Nevada City High School had a very interesting visitor Wednesday in the person of Mr. Souceh, who holds the World's Amateur Championship for typewriting. Mr. Souceh's skill showed itself early, as is evidenced by the fact that in 1927 he won the World's School Championship. He made eighty-one words per minute in this test, and this speed was attained after only one year of typing with two periods per day. All of Mr. Souceh's training was in the public schools of Pennsylvania.

Everyone in Nevada City High School enjoyed Mr. Souceh's visit on Wednesday, particularly those students who take Commercial subjects. He demonstrated many ways of gaining accuracy in typewriting and showed what great speed may be obtained by diligent practice. Mr. Souceh said that speed and accuracy were only possible when the typist has cultivated rythm. He demonstrated this very convincingly by tpying in two ways, accurately and with rhythm, and slowly and without rhythm.

Nevada City High School enjoyed Mr. Souceh's visit very much, and every student particularly those who take Commercial work, hope that he will visit us again in the near future.

ASSEMBLY TALK

Friday afternoon, April 4, Mr. Gooding, manager of the Bell Telephone company at Grass Valley, and Rev. Buckner of Nevada City visited our school. Mr. Gooding brought with him a motion picture of the telephone system from San Francisco to London. With the help of Rev. Buckner he showed this picture for the benefit of the student body. It showed how the voice travels over land by means of wires and over the ocean by means of wave lengths. The picture was very good and was enjoyed by all.

FRESHMAN CLASS NEWS

The prizes offered by the Quill for the two best stories for the 1930 edition have been awarded to Margaret Rector and Gertrude Marriott. The first prize which consists of five dollars was given to Margaret for the sotry, "The Tavern Keeper at Nigger Tent", and the second prize of two dollars and fifty cents was won by Gertrude for her story, "Gold".

The judges were the members of the high school faucity, and to select the two best stories was a very difficult task, as the material submitted proved to be very good.

ESSAY CONTEST

The members of the English classes have participated in the "Stop Forest Fires" essay contest, which was opened to the students in the public schools of California.

The subject was, "What I Will do to Help Prevent Forest Fires". The three essays that are to be submitted were written by Bill Jeffrey, Gertrude Marriott and Genevieve Evans.

The writer receiving the first prize will be awarded seventy five dollars, the second, fifty dollars and the third, twenty five dollars.

SKIP DAY

April 9 the seniors held their annual skip day. The day was planned according to custom, the senior advisor, Mr. Kjorlie and his wife accompanying the seniors.

They left Nevada City at 9 o'clock and went to Bullards Bar via North San Juan and Wilson's Log Cabin. After arriving at Bullards, they took pictures of the dam and investigated the power house. Leaving the dam, they stopped to eat lunch and take more pictures.

From Brown's Valley, they proceeded toward Grass Valley and had supper at Indian Springs. Later in the evening they attended "Rio Rita" at the Strand Theater, Grass Valley. After the show every one returned home tired but happy.

J. F. O'CONNOR
Civil and Mining Engineer
United.. States.. Mineral.. Survey Licensed Land Surveyor. Upstairs over City Hall. Main Street, Grass Valley.

TYPING NEWS

In the Underwood test which was taken by the typing students last Friday, two of the competitors distinguished themselves by their high rate of speed. These were Cecelia Genasci, Typing I, who received a bronze pin for typing forty-one words per minute, and Evelyn Granholm, also Typing I, who received a certificate for typing thirty-two words per minute.

Both student's speed exceeded the necessary amount as forty and thirty words, respectively were all that were needed.

The trembler which shook portions of central California last week was hardly felt here and did no damage.

NEW CURTAINS BOUGHT

The new curtains used atthe Senior Farce added greatly to the stage setting and helped make the farce a success.

The curtains were blue sateen. The cost of the material was eighty-nine dollars. Two-thirds of the rost was borne by the Girls' Association and one-third by the Student Body.

HOLMES HAS FIRE

Just following the Valentine funeral Tuesday afternoon, fire was discovered in the living rooms at the Holmes Funeral Home which were considerably damaged, mostly water. The fire is thought to have started from a vent pipe of a gas heater. The loss is estimated at $1000, covered by insurance. The damage was confined to the upper story of the building.

Walter McPherson of San Francisco spoke at the Episcopal church in Grass Valley.

Jack Sutherland left for San Francisco to spend a short time at a school of salesmanship.

Mr. and Mrs. Harry Furlong and son of Auburn were in Grass Valley last week. Their son was operated on for an arm infection.

DEADMAN FLAT AFFAIRS

J. W. Thomason of Deadman Flat nearly gave his section a new name the other night when it is charged he gave his wife a beating and she was found later wandering along the highway. She was taken to the Nevada City Sanitarium. A man visiting the Thomason home that evening claimed that two shots were fired from the house as he departed but he did not remain in the vicinity long enough to find out if they were intended for him or not. Thomason was landed in the county hoosegou.

Among those attending the funeral of the late Jean Chittenden of Oakland were, Mr. and Mrs. Ray Whitburn and son, Mr. and Mrs. T. R. Edwards, Chester Edwards and Miss Evelyn Whitburn.

LOCAL TEAM MAKES POINTS IN BOWLING

By taking three points from the Rowe team of Grass Valley on the local alleys Thursday night, the Willoughby team in the Elks League is now up with the leaders. The Curnow team by losing four points sluffed off from its fine work of the previous week when it took four points from the Tyrrells.

Mobley, lead off man, tore off two fine games but slipped a little in his second effort. The Rowes didn't get going until the final session when they copped the last game and knocked off 56 pins of a 79 lead in an effort to catch total pins.

Owing to the Grass Valley scorers not furnishing this paper with score sheets we are unable to print the complete game scores of the Grass Valley games or the total points of each team.

The local scores follow:

Willoughby Team

Mobley	182	146	165	—493
Tamblyn	142	151	119	—412
Jackson	133	133	133	—399
Goyne	118	115	118	—351
Willoughby	168	170	168	—506
Totals	743	715	703	2161

Rowe Team

Rowe	136	163	167	—466
Carr	125	125	155	—405
Oliver	142	123	170	—435
G. Perkins	123	134	113	—370
D. Bennetts	141	141	141	—423
Totals	680	699	759	2138

HENWOOD TEAM

Henwood	161	161	161	—483
Westbrook	143	143	143	—429
Snyder	148	148	148	—444
Wilson	120	120	120	—360
O'Connor	104	163	97	—364
Totals	689	748	692	2119
Handicap	39.			

Tyrrell Team

Tyrrell	162	173	175	—510
S. Perkins	141	155	124	—420
Mooser	134	160	170	—464
Thomas	102	169	131	—402
Bennetts	159	121	123	—403
Totals	698	778	723	2191

CARR RICHARDS TOTALS

The Richards team in the local league caught up a little with the scoring machine and took two points from the Carrs last week by aid of some good work.

With Durbin and Kjorlie listed as missing, the three remaining members got busy and showed some good scores. Schiffner landed nearly 500 pins for his evening's work, starting off with a 173. Carr landed a double century in the final game took his honors with 508.

The scores follow:

Carr Team

Carr	169	139	200	—508
Kopp	158	156	128	—442
Mooney	137	132	133	—402
Scheemer	111	109	110	—330
Walling	97	129	167	—393
Totals	672	665	738	2075

Richards Team

Richards	132	132	146	—410
Durbin	125	125	125	—375
Schiffner	175	157	140	—470
Nickless	133	125	153	—411
Kjorlie	124	124	124	—372
Totals	687	663	688	2038

SPORT NOTES

Tuesday, April 29, Tyrrell vs. Carveth, Grass Valley.

Thursday, May 1, Willoughby vs. Garland, Nevada City; Henwood vs. Rowe, Grass Valley.

Round (8)

Monday, May 5, Flynn vs. Carveth, Grass Valley; Werner vs. Willoughby, Grass Valley.

Tuesday, May 6, Jones vs. Rowe, Grass Valley; Tyrrell vs. Garland, Grass Valley.

Thursday, May 8, Henwood vs. Curnow, Nevada City.

Round (9)

Monday, May 12, Flynn vs. Garland, Grass Valley; Willoughby vs. Tyrrell, Nevada City.

Tuesday, May 13, Werner vs. Henwood, Grass Valley.

Thursday, May 15, Jones vs. Carveth, Grass Valley; Curnow vs. Rowe, Nevada City.

Frank Messlin, who has been connected with the Sequioa national forest will take charge of the North Bloomfield ranger station succeeding C. A. Vandewalker, who has been transferred to Mt. Shasta.

R. N. McCormack drove Alex Robertson to Colfax to catch the east bound train following adjournment of the board of supervisors last week, enabling him to reach his home at Hobart Mills a day earlier.

R. W. Gaylord and daughter, Hermine, of Sacramento visited the Brand home over the weke end.

Sheriff George R. Carter was an official visitor in North Bloomfield last week.

FRENCH CORRAL ITEMS

FRENCH CORRAL, April 12, (Special to The Nugget)— Well, those delightful days, with all nature so beautiful should put us in a happy mood. The "April showers" have not yet come to our section, but we expect them.

Now that Yuba Pass is open we expect to see visitors too, for tourists will come when they know the way is clear. This is no longer a place of solitude, for with the noise of autos and trucks and we may add the usual noise of farm life, there can be no feeling of loneliness.

Columbia Parlor, No. 70 N. D. G. W. held a meeting Friday afternoon The members of this little Parlor re so scattered, that it is impos ible to hold regular meetings, but whenever they can arrange to get together they enjoy keeping up their interest in the order.

Mr. and Mrs. McNamara of Tyler were Friday visitors.

B. L. Carlson of Garden Valley had business in this section Friday.

Miss Louise Moulton, who is teaching school in North Bloomfield, pent the week end, as usual with her parents in French Corral. She returned to North Bloomfield Sunday evening.

Harry Browning came up from Brown's Valley Saturday and returned to that place Sunday a. m.

W. E. Moulton made a business trip to Marysville Saturday.

We learn that Miss Catherine O'Conner of Birchville has been appointed school trustee for the three year term. There was no election held at that place.

The S. W. R. W. A. held their regular meeting Sunday. Several important matters were discussed and a committee was appointed to make arrangements for a dance to be given in May. We must keep busy to pay our indebtedness.

Miss Catherine Shehan of Auburn in company with her nephew, Mr. Clarence Pole, and wife and two children of Smartville, were Sunday visitors. Miss Shehan had been visiting her nephew and family in Smartville and was on her way to her home in Auburn. As she is a native of this place and all her childhood and girlhood days were spent near Birchville she took this opportunity to call on many friends al of whom were happy to see her, as Miss Shehan was always a great favorite.

Geo. L. Sweetland went to Nevada City Sunday.

Mr. and Mrs. Cecil Ferris and baby son of Alleghany visited Mrs. Ferris' uncle, W. E. Moulton and family Sunday.

Mr. and Mrs. Rundy of Sacramento visited friends in Sweetland nd Birchville Sunday. Both were former resident of the San Juan Ridge. Mrs. Rundy, nee Mary McNichols taught school in Sweetland and Birchville for several years and Mr. Rundy was for many years in the employ of the late J. W. Wood of Sweetland.

J. W. Culver and Dr. A. J. Powell made a trip to Nevada City Monday.

A happy surprise birthday party was tendered Albert Moynier Tuesday, when his former teacher, Mrs. Elsie Schwartz and pupils of the French Corral school along with Mrs. E. Sutherland and Mrs. A. Browning spent the noon hour in picnic at the home of Mrs. K. Sullivan, where Albert lives. Both Mrs. Sullivan and Albert were taken completely by surprise. Delicious eatables were spread under the trees and the happy party soon made these grow scarce. We are still talking of the wonderful "Sunshine Cake", which Mrs. Moulton contributed, and she is certainly an artist in the culinary line. Just let that bunch of good women alone to plan and do kind things for the pleasure of others.

Mr and Mrs. Brainard of Loomis visited the Clerkin home Tuesday from which place all went to Freeman's Crossing to visit Mrs. Brainard's niece, Mrs. Hamilton.

Mrs. J. W. Culver accompanied Mrs. Schwartz to Pleasant Valley Wednesday afternoon. Both ladies went to Smartville in the evening to attend the Eastern Star Chapter.

W. E. Moulton with a crew of men is doing some work on the pipe above San Juan.

Mr. and Mrs. F. S. Wood and son Carl, and Joe Swazey of Siberia mine, and Wm. Collins of Sweetland were French Corral visitors last evening.

Miss Barbara McMinn will leave for Oakland this afternoon to visit with friends during Easter week.

We sympathize with our San Juan people in that such unpleasant notoriety was given them by disinterested parties choosing their peaceable little town for a battle ground to settle old grudges. We hope it may not happen again.

GUY V. ROBINSON IS OUT FOR SUPERVISOR RACE

One of Indian Springs leading citizens and taxpayers, Guy V. Robinson, has entered the race for supervisor from the Fourth District. As rancher, cattleman, landowner and a director of the Nevada Irrigation District for some years, Mr. Robinson has been prominent in the affairs of his district and has a wide circle of friends throughout the county.

At the formation of the irrigation district Mr. Robinson was selected to serve as director from his district and he served as such for two terms, retiring voluntarily. He gave the dstrict his best judgment on all questions and while not at all times agreeing with various members of the board, his opinion was highly respected by them.

Mr. Robinson is serving as president of the local unit of the Farm Loan Association which is a branch of the Federal Farm Loan Bank, and in such capacity has been able to secure loans for farmers at a low rate of interest. He has always been interested in good roads and states that if elected, he would give close attention to giving his district as fine country roads as could be found anywhere. He stated further that public service would be his watchword at all times as supervisor.

GRASS VALLEY PERSONALS

Mrs. Robert Ingram and two sons accompanied by Mrs. J. Wallstrum, are spending some time visiting in Turlock, Berkeley, anl Salinas.

Why not plan an *all-electric* kitchen?

The electric range cooks automatically

A beautiful electric range harmonizes with any decorative idea you have for your kitchen. The cleanliness of the electric range keeps your kitchen immaculate.

And how the electric range improves cooking! Delicious food cooks automatically without you "watching" in the kitchen.

The new electric range is speedy. Improved cooking elements make electric cooking as fast as gas cooking.

Why not come in and see the beautiful, new porcelain enameled electric ranges at our office?

All the hot water you want—at a turn of the faucet

What could be finer than an all-electric kitchen?—with its modern electric range and an automatic electric water heater.

The electric water heater keeps an abundant supply of hot water ready for **instant** use, day and night.

An electric water heater, when used with an electric range, heats water for one-third to one-half of a cent per gallon! So little to pay for this modern comfort. And a **clean** kitchen.

Why not also see the electric water heaters at our office? There are many models to choose from.

MINING PERSONALS

Mr. and Mrs. W. S. Bradley of San Francisco returned home. Mr. Bradley is connected with the State Department of Mining, and is also grand patron of the Order of Eastern Star in California, and came to attend the reception to Mrs. Moise, grand matron, in this city, Tuesday night.

Mr. and Mrs. E. B. Frost came over from the Siberia mine last week on business.

Harry James, mining machinery salesman, spent a short time at his home in Grass Valley.

E. T. Bradbury, mining man, who has been in Oakland for a time has returned to Nevada City.

Gen. W. S. Schuyler of Carmel, who is interested in the Alaska mine, was met in Nevada City by J. A. Gilmore of Pike and taken to the mine

Easter novelties and candies at Colley's Confectionery.

CHEROKEE PROSPERS

CHEROKEE, April 12, (Special to The Nugget)— The census taker called on us all Thursday. He is hunting everyone up and leaving none out.

Miss Millie Clerkin of French Corral was a visitor here Tuesday eve.

Mr. Erway of Tip Top is visiting in Nevada City for a couple of days

Joe Swazey of the Siberia mine was slightly hurt at the mine on Monday.

We have some new neighbors on the Berger plac eand we also have four new scholars.

Cherokee school has now fifteen pupils and prospects of 2 more coming in.

Mike Phelan was a business visitor in Nevada City Tuesday evening.

Mrs. Herb Costa has returned to Nevada City for a few days.

Mike Denike and Ray McCullough were here Tuesday looking over the ditch. It is very dry over here and we sure need rain.

Quite a few of our neighbors are going into the chicken and turkey business.

Rec. Father Scott returned from Sierra county Thursday.

K. J. Phelan is still suffering with rheumatism.

Mr. and Mrs. L. Day and Mrs. T. J. Flynn were visitors in Nevada City Thursday.

James Phelan and C. Thompson went to Nevada City Friday after a truck load of supplies for the Siberia mine.

Mrs. John Curnow still continues ill at her home in Cherokee.

Lawrence Calanan was a visitor here Thursday evening.

Joe Swazey attended the picture show in Grass Valley Saturday evening.

The San Juan Water Users have a crew of men working on the ditch from here to San Juan.

LARGE CONSTRUCTION PROGRAM FOR PACIFIC

The Pacific Gas and Electric Company is now engaged in what is said to be the largest active construction program in California. The activties, according to H. M. Coper, Division Manager, far exceed any previous program in the Counpany's history. The activities now are even greater than the work carried on during the time the big Pit River Hydro-electric Development was at its height. Mr. Coper says that the Company is now running a full quota of men on eight different projects.

The Salt Springs Dam on the upper reaches of the Mokelumne is two-thirds completed, giving employment to 600 men and is a part of the $40,000,000 water and power development on the Mokelumne, scheduled to be completed in 1932.

Where Tiger Creek empties into the Mokelumne, a cosntruction camp to accomodate 200 men has just been completed and crews are being mobilized at that point for the erection of a 68,000 horsepower electric generating plant.

On the Bear River in Placer county, a crew of 300 men are engaged in enlarging the fiumes and ditches to accomodate additional water now available for the generation of electric power and irrigation purposes throughout that territory.

In the Gas Department, some 600 men, equipped with every possible labor and time-saving device, are rushing to completion the San Joaquin Valley natural gas transmission line and the branch feeder lines which will make natural gas available for the cities and towns in the Sacramento Valley and the north bay territory, including the lower end of the Redwood Empire.

At a cost of approximately $660,-00.00, the gas appliances in San Francisco and Oakland are being adjusted for the efficient use of natural gas. A crew of 1,000 men with a payroll of over $5,000.00 a day is now engaged in this activity.

In addition to the vast sums directly spent for labor on these jobs, additional millions will be spent for California-made equipment, produced in local industries, it being the policy of the Company to always purchase whenever possible, locally made equipment and goods.

Births

SCHWARTZ—To Mr. and Mrs. Claude Schwartz of Smartville, a son at Nevada City Sanitarium, April 9th

PREMISES FOR SALE—

The residence property of the late Chas. H. Eddy and wife on Prospect St., Nevada City. 9 room: 1½ story house in good repair and well furnished. Large lot commanding excellent view. W. G. Allen of Smartville, vice president of the Interstate Land Holding company, was a recent Nevada City visitor.

Cameron Larson left Wednesday for Eureka, Humboldt county, to attend the state convention of the Order of DeMolay as a delegate from the local Chapter.

The publisher returned Thursday from Oakland where he had been attending the sessions of the California Grand Royal Arch Chapter during the week.

Theodore Rundy, conductor on the Nevada City Narrow Gauge railroad is improving from a recent illness.

Mr. and Mrs. Ben Hall are in Berkeley visiting their daughter, Mrs. A. C. Richards. Their son Robbins Hall, of Oakland spent the week end in Nevada City.

Mrs. Earl McLean and Mrs. Robert Wall of Sacramento accompanied by Miss Josie Jepson of Portland visited in Nevada City. Miss Jepson is a former resident.

Mrs. H. A. Anderson and two children of Lower Lake are visiting her parents, Mr. and Mrs. R. L. P. Bigelow.

Miss Louise Martin who was operated upon for appendicitis last week is getting along nicely.

Ernest Helm is home from a recent operation at a Grass Valley hospital.

Mrs. George Grissel of San Francisco is here for the benefit of her health.

John Hooper of Richmond and Mr and Mrs. W. Smith of Oakland attended the funeral of the late Edgar Valentine.

Game Warden Hiscox shot a big rattler in the Bridgeport section last week, being nearly four feet lang and having nine rattles.

LEGAL NOTICE

DEPARTMENT OF NATURAL RESOURCES
STATE OF CALIFORNIA

ORDER CLOSING TROUT STREAMS

For the purpose of further protecting trout with which the Fish and Game Commission has stocked the various waters of this state, of insuring their larger growth and better means of propagation as well as providing an adequate supply of trout eggs for the various fish hatcheries of this state to the end of improving fishing conditions generally throughout the state;

Now, therefore, upon the recommendation of the Fish and Game Commission of the State of California and pursuant to and by virtue of the authority vested in me by the provisions of Chapter 751, 1927 Statutes of California, it is ordered that the following waters within the County of Nevada, State of California, be and the same are hereby closed to trout fishing or the taking, killing or having of any trout therein or therefrom from and after the date hereof and during all times and seasons until such time as new legislation is enacted by the State Legislature or by further or other order of the Director of Natural Resources.

Culbertson Lake and tributaries in T 18 N, R12 E, M. D. B. & M.

Upper and Lower Lindsey Lakes and tributaries in T 18 N, R 12 E. M. D. B. & M.

Alder Creek and tributaries in T 18 N, R 16 E and T 17 N, R 16 E, M. D. B. & M.

It is further ordered that in addition to the publication of this order as provided for by Sec. 4 of the aforesaid statute, a copy hereof be posted at the Courthouse of said county at the place where notices are posted pursuant to the provisions of Sec. 1373 of the California Code of Civil Procedure, or some other conspicious place.

Given under my hand and seal this 1st day of April, 1930.

FRED G. STEVENOT,
Director of Natural Resources

I, C. C. Young, Governor, do hereby give my consent to the above and foregoing order.

C.C. YOUNG.

Dates of Publication—April 14 21, 1930.

NEIGHBORHOOD NEWS

Mrs. Catherine Sennett, mother of Mack Sennett, motion picture producer and principal owner of the Normandie mine, visited the mine on Deadman's Flat and visited Mr. and Mrs. J. H. Cramer. She was taken on a tour of other mines and enjoyed the novel scenes of a mining community. She returned to her home in Los Angeles.
